EXPERIENCE

UPWORK, *Remote*

Freelancer | August 2020 – Present

- Achieving the Top-Rated badge in 2021, by reaching \$1000 in a short time period and positive feedback from clients.
- 10+ successful projects, and 5/5 stars rating, due to overdelivering and client satisfaction.
- Understanding the client's needs, and planning the project, giving me the ability to translate ideas into code.

PixelConn, *Remote*

Full-Stack Web Developer | July 2021 – November 2021

- Worked on different projects and stacks, Improving my flexibility and fast learning.
- Assigned with complex features despite my juniority, Strengthening my problem-solving skills and self-confidence.
- Worked with tools with zero experience, due to a solid knowledge foundation.

TECHNO Stationery, *Algiers, Algeria*

GUI Software Developer | February 2020 – August 2020

- Concepted and realized the budgeting software, automating 50% of the manual process.
- Turned real-life ideas into software.
- Collaborated with departments other than IT, having a general idea of how the information flows in companies.

EDUCATION

MICROVERSE | March 2022 - November 2022

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

UTM IBNROCHD | 2017 – 2020

Bachelor of Technology, Database Engineering

- Learned how to concept any information system using Merise methodology.
- Database management (MSSQL).
